PREPARING FOR VISIT OF LT.-GEN. BURSTALL

"The News Cup" Will Be Competed For and Several Other Interesting Features Arranged.

The News Publishing Co. will donate a silver cup for the most efficient platoon in the inspection of the local militia units by Lieut-General BurSTALL, K.C.M.G., K.C.B., Inspector-General for Canada, on the 22nd.

The trophy will be known as "The News Cup" and should the same platoon win it three times consecutively, it will then become the property of that platoon.

Major Briscoe addressed the Board of Trade on Wednesday night in regard to the General's visit and the proposed formation of the 3rd Alberta Battalion with headquarters here. He outlined the steps that had been taken up to date.

The members of the Board were agreed that some suitable reception for the Inspector-General should be arranged. The City Council will be asked to participate in the reception. The Board will deal with the matter on one of its very next meetings.

Interviewed by The News yesterday, Major Briscoe expressed himself as more than pleased with the results of the few parades held recently, and the keenness that has been evident during the past few weeks. As the time is short, he hoped that every member of the unit would be imbued with the ambition not only of showing up before the General, but of reflecting credit on the city.

He appreciated the proposed cooperation of the City Council and Board of Trade in a reception for the General.

Red Deer has the distinction of possessing a Military Band, nullus secundus. With the loyal support of every citizen, cheer and enthusiasm as militia members, the parade here should be a fine success.

The Major expressed his pleasure to learn that The News Publishing Co. had donated the cup for platoon competition. He appreciated the fact that The News has given the militia in many ways. He hoped that the citizens in general would be interested in boosting the militia activities.

The Major was never so optimistic over the prospects of the militia as though it appeared to the public to be dormant for a time, like a true follower of John Bull, it has always had an eye open and its teeth ready for action.

Mrs. R. Ferguson spent two weeks in Lacombe with her niece, Mrs. Roy Hand.

SCHOOL PROBLEMS ARE PRESSING

School Board Decide to Open Another Room in the Parish Hall to Relieve Congestion. Committee Appointed and Various Subjects Discussed.

The Public School Board got down to work for the year on Monday night, transacted considerable business, and discussed a variety of subjects.

Chairman R. L. Gaetz presided. Trustees W. E. Payne, W. J. Stephenson, W. Broughton, and Mr. J. T. Berry were in attendance, also Secretary J. E. Welton, Principal Locke, and T. O. Fowles.

It was decided that the Board would meet on the first Monday of each month during the current year.

Trustees Payne and Broughton were assigned to the Finance Committee; Trustees Stephenson and Berry to the Property Committee, the Chairman being a member of all committees.

RE. SECRETARY-TREASURER. The discussion on the appointment of a Secretary-Treasurer was taken up in spots. Mr. Broughton adhered to the contention that the work should be done by the Board.

Mr. Payne made an offer of resigning. Commissioner Stephenson had said recently that he could not undertake the duties of the Board.

It was decided that the Board would not undertake the duties of the Board. Mr. Broughton challenged the statement that the Board was compelled to do the work of the Board.

Mr. Broughton expressed his pleasure to learn that The News Publishing Co. had donated the cup for platoon competition. He appreciated the fact that The News has given the militia in many ways.

He hoped that the citizens in general would be interested in boosting the militia activities. The Major was never so optimistic over the prospects of the militia as though it appeared to the public to be dormant for a time.

Like a true follower of John Bull, it has always had an eye open and its teeth ready for action.

INSPECTOR'S REPORT. The report of Inspector Gibson on the Public Schools was received.

The reports on the individual rooms will be dealt with by the Board. The general report is as follows: I have the honor to report on the Red Deer Public Schools as follows:

I note with pleasure a marked improvement in the schools. The Central School. In view of the present need of curtailment I would not suggest further increase in the number of the other schools are also satisfactory.

Buildings—All the buildings are in good condition. Caretaking—In the schools the caretaking is satisfactorily done. In North Red Deer School there is an improvement.

Supplies—The teachers are well supplied with materials for the different branches of the work; but professional materials are lacking. As reconstructed maps are now on the market, I would advise that a reasonable number be obtained.

Operation—The standard of work being done is on the whole high and the quality of the schools is creditable. Every teacher on the staff is possessed of the necessary academic and professional qualifications and is putting them, as such, to good use.

There is room for improvement in the work of the teachers. As reconstructed maps are now on the market, I would advise that a reasonable number be obtained. I enclose reports on the individual rooms.

Your obedient servant, A. R. GIBSON, Inspector of Schools.

PRINCIPAL'S REPORT. The 18 rooms were open for 15 teaching days, and Mrs. Holt's room had the best record for attendance, over 97 percent.

The enrollment for December was 152 in the High School and 122 in the Public Schools. In December, 1921, the High School enrollment was 123, and the Public Schools 122.

The average attendance for December was 64.18, and the percent was 94.22, which compares favorably with the average for the year. Every room had an attendance of over 90 percent.

The enrollment of Public School pupils was divided as follows: Central, 339; Parish Hall, 61; South, 84; North Red Deer, 36.

ACCOUNTS. The following accounts were passed:

P. Bennett, \$18.90; Chas. Sinclair, \$16.30; H. G. Stone, \$20.25; Arch. Fyfe, \$13.60; C.P.R. freight, \$72.16; Alta. Gov. Phones, \$13.70; A. G. Saunders, \$1.00; Saunders, \$1.00; Western General Electric Co., \$24.73; A. Excell, \$45.00.

RED DEER BONSPIEL

Preparations are well in hand for Red Deer's big annual curling bonspiel. Eighteen outside rinks have already signified their intention of being present. There will also be a large entry of local rinks.

The dates are February 7, 8 and 9. There will be a real curling smoker on Monday evening, February 8, to start the big show off with a bang. A good list of prizes will be offered for the various events. The committee is active, and the members of the board are determined to make the 1922 bonspiel a record breaker.

The committee request that all local curlers who wish to curl in the bonspiel will bring their names in to the Secretary, Roy Pidgeon, not later than Thursday night, so that the rinks can be arranged.

COURT OF REVISION MEETS TODAY

The City Council meets as a Court of Revision today at 2 p.m. The main interest centers around "The Advocate Man's" appeal against the whole land assessment as being too low. There is likely to be a good attendance of ratepayers to oppose his contention.

Some 30 ratepayers have appealed their own land assessment as being too high, 8 have appealed against assessment on buildings and 12 against their business assessment. Some 75 separate appeals are involved, and 12 applications for change of ownership.

ST. LUKE'S CHURCH ANNUAL MEETING

The annual meeting of the Parishioners of St. Luke's Anglican church was held in the Alexandra Hall on Thursday evening last, January 12th, the Rev. Gerald McCombs, presiding. There was a large attendance of members of the congregation and the keenest interest was taken in the proceedings.

The pastor, in his opening remarks, stated that owing to the short period he had been in the parish, he could not make any lengthy address, but stated he was highly gratified by the splendid efforts of the different organizations of the church, and hoped the good work would continue. He was particularly pleased with the magnificent work done by the W. A., and doubted if it was equaled in any province. He had made a large number of visits with members of the church, and was glad to see their power to see every member of the congregation as often as possible during the year.

The reports of the various organizations showed that a great deal of work had been done during the past year. Mrs. Gamble, president of the W. A., gave a report on the work of the women, and the W. A., and Mrs. Edis, secretary, read the financial report, showing a balance of \$100.00, and over thirteen hundred dollars during the year.

Mr. Hopworth read the report of the Junior W. A., Mrs. Lowe, the report of the Little Helpers, Mrs. Smith, the report of the W. A., and Mrs. Edington, the report of the choir. The report of the Sunday School was given by Mr. Callender, showing a steady growth in attendance and great interest in the school. He also read the financial report in the absence of W. Miller, the secretary, showing all expenses reduced to less than four thousand dollars.

Heart and unanimous votes of thanks were extended to the wardens and all the organizations for their splendid work during the year. The following officers were elected for 1922:

Rector—Wardens—Thos. Edis, P. J. McCombs, A. Percival, Vestry—Messrs. Munn, Botterill, Gamble, C. Payne, Sherman, H. Delaney, David Carver, W. Miller, and W. J. Botterill.

The press of the city was thanked for publishing notices of the services and other matters of the church. W. J. Botterill agreed to take charge of the work of beautifying the church grounds for the year.

After the meeting adjourned, the ladies of the W. A. furnished refreshments, and a most enjoyable time was spent. The meeting was one of the largest and most interesting in the history of the church.

The members of the Hill End Church, who are holding a series of entertainments at the Hill End Public School on Friday, Feb. 10th, many useful and fancy articles will be offered for sale. The proceeds of the concert will be held to commence at 8 o'clock p.m. Supper provided for 2c.

Present Butter Prices

Do Not Pay for Churning

It is reported that there have been recent receipts in Calgary of Butter from Australia and New Zealand.

Whether it is because of this or for other reasons, the price of dairy butter is so reduced that we find it necessary to suggest that there is more money now in selling cream and butter fat, than in making butter for sale on the open market.

We have been receiving such quantities of butter recently that we are obliged to base our price on the market quotations, or take a very heavy loss, which cannot reasonably be expected, and we hope our friends who have been churning for the higher prices, will now be pleased to again dispose of their milk and cream, thus helping themselves and helping us.

Since writing the above, we have received the following:

MARKET REPORT

P. Burns and Company, Limited, advise under date, January 14th, as follows: "We would advise all merchants who are buying Dairy Butter to take into consideration the Creamery Butter situation. A large shipment of New Zealand butter was unloaded in Vancouver this week. This has affected the market, and on Monday our selling price on Creamery Butter will decline 5c, and expect further declines in a short time. The production of Cream is much heavier than usual for this season of the year, as weather conditions have been very favorable. There is practically no demand for Dairy Butter. In the past the surplus Dairy of Canada has been shipped to American markets, but the present high duty practically cuts off these shipments. Our price on Dairy Butter, effective Monday, January 16th, will be 15c delivered Calgary."

EGGS

"Receipts of fresh eggs have been much better this week. Prices have declined rapidly. Production in British Columbia is the heaviest ever known, and shipments from that market are regulating Alberta prices to a large extent today."

A SMALL FIRE

Shortly after midnight, last Friday morning, the citizens were startled by the unseasonable screeching of whistles and sirens followed soon after by more whistles and more sirens.

The impression grew that the whole town must be on fire, and people came rushing from all directions. There was a fire, but the event was considerably over-hyped by the advertising it received.

The sand-house, a small structure in the C.P.R. yards, caused all the disturbance. The fire was probably due to an over-heated stove, and just began to catch on the coal dock when the Fire Brigade arrived. The damage amounted to about \$300.00.

A second alarm was sounded, which proved to be false. However, shortly after the Brigade returned to the station, they were called back to the scene, as the blaze had broken out afresh.

PENHOLD NOTES

(Continued from Page 1.)
world today is that people should be willing to come together in a kindly way to discuss their problems with a view to helping one another all they can. Let us try and be mentally active. Mental activity is essential. Problems are good for us. A soft life with no problems to solve means mental stagnation. The more questions our minds deal with, the more reason through, the more alert will become our mental faculties, and the longer we retain our normal mental qualities. What could be more beneficial or broaden our minds more than listening to or taking part in a good debate, or lecture, or a musical programme with some of the great master works, or current events, or the national problems of today. Let us all try and do whatever we can to help along the programme for the evening. No matter how poor our first attempt, let "Try again" be our motto. It is not an easy matter to carry on a Young People's Club even in the cities, where it should be easier to get material for an evening's programme. But if we concentrate our minds and energy we will succeed and our Club will progress. Punctuality was then referred to as necessary for the progress of the Club. Punctuality is the soul of business, and takes the drudgery out of an occupation. Putting off usually means leaving off and going to do means going undone. Someone has said that procrastination is a contagious inspiration, whether it be an inspiration or an acquiescent. It is one of the greatest virtues of civilization. Time is money, and worth more than money to many people, especially the busy ones. Let all be ambitious for the Club. Many people seem to think that ambition is a quality born within us, that it is susceptible to improvement, that it is something thrust upon us which will take care of itself. But it is a passion that responds very quickly to cultivation, and requires constant care and education just as the faculty for music or art does. Cultivate the art of being agreeable. It will help us to self-expression as nothing else will.

LECTURE ON PEACE
RIVER COUNTRY

The Baptist church was filled to capacity on Thursday evening, January 12th, when Dr. C. C. McLaurin, superintendent of Baptist Home Missions for Alberta, gave a lecture on the Peace River district, illustrated with upwards of eighty slides, including a series of very beautifully coloured slides lent by the C.P.R.

The Doctor's knowledge of the Peace River is very extensive as on eight different occasions he has travelled the country. His graphic account of visits before the railway had entered were told in the style of a real pioneer and listened to with rapt attention by his audience. The contrast between the earlier and later visits clearly showed the wonderful development of the country, and many began to think they had stepped off the train a little too soon when they located in these more southern regions.

Many of the views depicting the wonderful growth of the district were proof of the great possibilities of a country equally rich in mineral resources. Doubtless many present turned their longing eyes toward this land of promise with the hope that some day they might share in its riches.

The Home Mission Fund benefitted to the extent of \$10.00.

SOLDIERS' RE-UNION

About 125 returned men met in a most enthusiastic gathering at the Armouries last night. Songs, speeches and reminiscences of life in France characterized the meeting.

The following officers were elected for the G.W.V.A. for the ensuing year:

President—Com. H. J. Cotton.
1st Vice-Pres.—Com. H. G. Scott.
2nd Vice-Pres.—Com. Major Lister.
Executive—Comrades J. A. Hale, P. E. Kent, G. C. S. Crosby, A. England, and Sgt. H. E. Smith.

KNIGHTS OF PYTHIAS

Red Deer Lodge, No. 21, Knights of Pythias, held the annual meeting on January 5th. The new officers for the ensuing year were installed by J. A. R. Chas. D.D.G.C. and L. A. Furry, G.R.R.S., and acting G.P.—Bro. Muir was re-elected as G.P., also as Grand Lodge representative for 1922. Following is a list of the officers as installed:
Bro. Muir, G.C.
W. Poore, V.C.
G. Dancocks, F.
John Wagner, K.R.S.
F. Stewart, M. at A.
S. Kangelar, M.F.
T. Loppard, M.E.
H. Dancocks, I.G.
S. Clark, O.G.
Bro. Jacques, Lamont and Harvey were elected Trustees.

The Lodge is making good progress as shown in the speeches that were made during the evening.

PROPOSES S.S.B.
SUPPLY BASE

J. R. Weston, local superintendent of the Soldier Settlement Board, addressed the Board of Trade on Wednesday night in regard to the Industrial School Farm, which is held by the Soldier Settlement Board.

Mr. Weston proposed that the farm be used as a base for the supply of seed grain, dairy cows and bacon hogs for the S.S.B. men especially and any others who might desire the surplus. The men need good seed grain at a moderate price, and this farm could supply the need.

In dairy cows, he would have good milkers, but not necessarily purebred stock, as these might be too expensive for the men.

He had a preference for Yorkshires, or at least some breed of the bacon type, and would insist on these being purebreds.

Mr. Weston stated that negotiations were proceeding with the Children's Home at Olds for the use of the buildings, but he would like to see the plan used by the S.S.B. for some practical assistance to the men.

The Board agreed to co-operate with Mr. Weston in the effort to get action on his proposal.

AGRICULTURAL SOCIETY

The Directors of the Red Deer Agricultural Society met in the Secretary's office on Saturday afternoon. There was a very fair attendance, President Dr. McLaurin in the chair.

A deputation, consisting of Revs. Brown and Hasall, representing the Social Service League, addressed the meeting on Saturday afternoon. They did not ask for the entire elimination of the Midway; they had no objection to the rides and some of the better features, but characterized most of the shows as immoral and degrading to the children. The Directors will give careful consideration to the representations made.

J. F. Day was appointed delegate to the Western Canada Fairs Association meeting in Brandon this month.

Further organization of the campaign for 1922, members were arranged for the city and country directors organizing separately. The Society is determined to get its finances on a sound basis as soon as possible that they may not be hampered in their preparation for this year's big fair.
